2. As you are aware, the Office of Special Projects
has certain contracts with [REDACTED]

25X1A

[REDACTED] Present plans call for the close-out of these
contracts before 31 December with the Department of the
Army assuming contractual responsibility for continuing
or additional efforts beyond that point.

25X1A

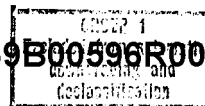

3. With respect to your Contract No. TM-1935, we
plan to continue its administration through this current
fiscal year. We would in all probability terminate any
contract with [REDACTED] for work requiring only T-KH
clearances after this time. Since the effort covered by
your current contract falls in this category, it is
proposed that NPIC through the Office of Logistics assume
the responsibility in Fiscal Year 1968.

4. For any work requiring operational clearances,
OSP shall continue to contract for NPIC with industrial
contractors if requested.
